① Note:
1. **Safety First:** Before any hardware installation, please ensure all power is switched off and cords are disconnected for your safety and to protect the equipment.
2. **Handling Adapter:** Kindly handle the circuit boards with care, as they are sensitive to static. We strongly advise grounding yourself before touching to avoid electrical damage.
3. **Securing the Adapter:** Please use the included screws to secure the device firmly in place.
4. **Cable Management:** When disconnecting cables, always gently press the overmold to release the connector latches. This helps prevent any harm to the cable or connector.
5. **Device Placement:** Please place the adapter in a safe location, away from magnetic fields, high voltage, direct sunlight, and moisture to ensure its longevity.
